BLACK ANGUS BEEF

We proudly serve Blue Star Angus beef, sourced from a carefully selected list of producers in the upper Midwest, corn-fed for up to 120 days and aged for a minimum of 40 days. Gibsons is the first restaurant group in the country to be awarded its own USDA certification.

Our steaks are cooked in an 1800 degree infra-red broiler, which gives the steak a thin charred crust to help seal in the natural juices. Served with choice of baked potato, mashed potatoes, french fries, or broccolini.
